Catherine Isabel Audrey Kidston is an English fashion designer, businesswoman and author whose company, Cath Kidston designs home furnishings products, marketed throughout Europe and the rest of the world. She is particularly known for her nostalgic floral patterns and has also published a number of books.

It all began in 1993 with a small shop in West London, selling car boot finds and vintage fabric. Cath soon began to design & produce her own prints & products, giving vintage inspiration a modern twist.

Among her floral prints, Cath also draws inspiration from Spots, Strawberries, Roses & Cowboys and many of her fabrics and designs can be described as modern vintage with the mission to bring a smile to your face and brighten your day!

Cath's exclusive line for Sekers showcases multiple playful prints while encompassing segments of her signature floral designs, offering a truly beautiful selection of new fabrics to the Sekers range.
