**AUSTRALIAN DESIGNED**

# TASMAN

## THE STORY

*Our Tasman fabric range is all about textile exploration. The fabric has an irregular horizontal pattern, eye-catching yet also subtle. Our colours are specifically chosen to compliment all kinds of colour schemes and sheer curtains with maximum flexibility. There is nothing more satisfying than discovering something that just works.*

## HOW IT'S MADE

<b>COMPOSITION:</b>	<i>100% polyester, blackout acrylic coating</i>
<b>WIDTH:</b>	<i>300cm</i>

## TAKING CARE

*Cleaning your blind fabric is essential, not only to remove surface dust and stains, but it will also increase the longevity of your blinds. Use a feather duster, or a vacuum set on low with an appropriate attachment. Always exercise caution when spot cleaning. Use a clean, lint-free cloth or sponge and dip it in warm water. Dry gently with a clean towel. Always make sure to test any cleaning product on a small, discreet section of the fabric. Chemicals will permanently damage your fabric.*

# FOUR FAMILIES

RE-ESTABLISHED 2014

All the Four Families fabrics have a light fastness score of at least 6 on the blue scale (ISO 105-B02: 1994), which ensures that the colours will stay vibrant for many years to come. Colours may vary slightly from one production batch to another. Variations are within industry standard (Delta E reading  $1 \leq$ ). Please always check the colour before cutting.
