FOUR FAMILIES

blind fabric craftsmanship

BOND

THE STORY

Introducing Bond, our latest blind innovation. Achieve a flawless and seamless appearance with Bond's unique feature— a textured look on both the front and back of the fabric. This ensures a polished finish from both inside the home: especially when back rolling, but also from the exterior facade. A first of its kind characteristic never seen before in the blind industry. Beyond aesthetics, Bond stands out for its commitment to sustainability. By eliminating the use of acrylic foam, we have reduced chemical usage by approximately 75%, contributing to a more environmentally conscious product. Furthermore, this absence of acrylic foam significantly minimizes the risk of V-ing, cupping, and tracking, ensuring a long-lasting and resilient blind fabric. Additionally, Bond is odorless, enhancing the overall comfort of any space. Bond has been tested to FR standards 1530.3.

Suitable for roller blinds, roman blinds, panel glides & vertical blinds.

AVAILABLE IN 8 COLOURS:
ICE, CHALK, LINEN, TAUPE, CLOUD, CONCRETE,
GRANITE, CHARCOAL

HOW IT'S MADE

COMPOSITION: 100% Polyester

WIDTH: 89mm, 127mm & 300cm

ROLL LENGTH: 20-25m rolls

WEIGHT: Ice & Chalk 370gsm \pm 10%
all other colours 320gsm \pm 10%

THICKNESS: Ice & Chalk 0.65 \pm 0.05 mm
all other colours 0.60 \pm 0.05 mm

CERTIFICATION: OEKO-TEX Standard 100

TESTED TO: FR - AU/NZS 1530.3
Complies with Building Code of Australia requirements for Class 2 to 9 (a) buildings
