LATITUDE, extended colour line

Our most popular and universally loved jacquard fabric has had the colour line extended to an impressive 18 colours. Maintaining all of our well loved favourites we have included an extensive array of fashion trend colours including coral, navy and saffron plus an improved grey and neutrals colour range. Latitude has been woven to create an embroidery look incorporating an irregular stripe to create a relaxed and unstructured feel.

Woven continuously with a wide width of 300cm Latitude lends itself to be used on wave tracks perfectly.
