

# SOUTHPORT 330

Australia’s most popular sheer has been revived! Including a weighted base, Southport is a fine textured plain and gives a natural look in 100% Polyester. The colour line has been increased to 32 shades encompassing a 20th-century aesthetic. Encorporating the modernist’s penchant for pink, fiery red, and forest green - the remainder of the collection pays a restrained homage to the original best-selling palette.

Our designers started from a place of wanting to create freshness in the home, to transform the soft hanging drapery into a form of art, perched subtly on the window. A trick of designer’s ingenuity to collate the functional needs of a family home with the fantastical imagination of colour. Southport 330 is Fire Retardant and has been tested to AS/NZS 1530.2 & 3, making it the perfect one-stop choice for all commercial and residential applications.
