

HARRIS

A refined addition to the Filigree collection, Harris delivers a natural aesthetic with the dependable performance of a 3-pass blackout. Its plain weave design, highlighted by a subtle two-tone fleck through the warp and weft, offers an understated texture that suits a wide range of interiors.

The dry-finish face provides a sophisticated matte look, while the 290 cm continuous width ensures seamless coverage for larger applications. Combining superior light control with effective thermal insulation, Harris reflects the quality and reliability expected from Filigree.
