

BREAKAWAY 300^{cm}

Introducing the enhanced Breakaway, one of our top-selling blackout fabrics now crafted from 100% recycled polyester maintaining our commitment to sustainability. This sophisticated linen-look fabric, with its contrast fleck woven throughout, now comes in a continuous 300cm width and an expanded palette of 17 beautiful shades. Featuring a 3-pass silicone coating, Breakaway is machine washable, anti-bacterial, and microbial-resistant, making it ideal for any environment. Alongside UPF50+ sun protection, water repellant treatment, and Sunshield insulation, Breakaway delivers exceptional performance and style.

Now also available in select ready-made options.
