

FOUR FAMILIES

RE-ESTABLISHED 2016

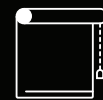

Bancocora

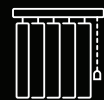

Developed in collaboration with leading industry partners, Bancocora's update builds on its trusted reputation for performance and quality while introducing a renewed focus on colour and design. The refreshed palette reflects current and emerging interior trends, with colours carefully selected to pair beautifully with popular wall paint tones from the brands you know and love.

The collection retains its most popular shades while introducing new, design forward additions. Duck Egg and Blush bring subtle colour and warmth to contemporary spaces, while Dual and Black & White feature a dual sided construction with contrasting face and back colours, making them ideal for projects that must meet body corporate or building colour requirements.

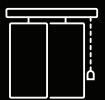

Available in four widths across select colours, Bancocora delivers dependable performance and refined versatility across roller, vertical, and panel glide applications.
