

HAWAIIAN COLLECTION

The Hawaiian Collection features two jacquard drapey-weight chenille designs, **Mahalo** and **Ohana**, inspired by the lush tropical foliage of the Islands that give the collection its name. Mahalo features layered leaf motifs woven into soft, tactile chenille, creating depth and texture and infusing interiors with a relaxed tropical vibe. Ohana is a coordinated, unstructured stripe, designed to be used with Mahalo across different interior elements.

Each design is available in five versatile colourways, balancing natural neutrals with richer statement tones. Both fabrics are woven at 295cm continuous for seamless curtains, and the chenille construction provides softness and durability, making them ideal for drapery and cushions. Both are 100% polyester, FR AU/NZS 1530.2 & 1530.3 compliant, and OEKO-TEX Standard 100 certified.
